61-8-602. Traffic laws applicable to persons operating bicycles. Every person operating a bicycle shall be granted all of the rights and shall be subject to all of the duties applicable to the driver of any other vehicle by chapter 7, this chapter, and chapter 9 except as to special regulations in this part and except as to those provisions of chapter 7, this chapter, and chapter 9 which by their very nature can have no application.

(a) overtaking and passing another vehicle proceeding in the same direction;

(b) preparing for a left turn at an intersection or into a private road or driveway; or

(c) necessary to avoid a condition that makes it unsafe to continue along the right side of the roadway, including but not limited to a fixed or moving object, parked or moving vehicle, pedestrian, animal, surface hazard, or a lane that is too narrow for a bicycle and another vehicle to travel safely side by side within the lane.

(3) A person operating a bicycle upon a one-way highway with two or more marked traffic lanes may ride as close to the left side of the roadway as practicable.

(4) Persons riding bicycles upon a roadway shall ride in single file except when:

(c) riding on a paved shoulder or in a parking lane, in which case the persons may ride two abreast; or

(d) riding within a single lane on a laned roadway with at least two lanes in each direction, in which case the persons may ride two abreast if they do not impede the normal and reasonable movement of traffic more than they would otherwise impede traffic by riding single file and in accordance with the provisions of this chapter.

(5) A bicycle, as defined in [61-8-102\(2\)\(b\)\(ii\)](#), is excluded from the provisions of subsections (2) and (3).

(3) Every bicycle when in use at nighttime shall be equipped with either tires with retroreflective sidewalls or reflectors mounted on the spokes of each wheel. Spoke mounted reflectors shall be within 76 millimeters (3 inches) of the inside of the rim and shall be visible on each side of the wheel. The reflectors on the front wheel shall be essentially colorless or amber and the reflectors on the rear wheel shall be amber or red.

(4) Reflectors required by this section shall be of a type approved by the department.

Approval of bicycle highway racing events will be granted only under conditions that assure reasonable safety for all race participants, spectators, and other highway users and that prevent unreasonable interference with traffic flow.

(3) By agreement with the approving authority, participants in an approved bicycle highway racing event may be exempted from compliance with any traffic laws otherwise applicable if traffic control is adequate to assure the safety of all highway users.
